Annexure – II**Summary Statement on progress made by local body in respect of
Solid Waste Management in Madhya Pradesh**

SNo	Indicator	Status as on 31.03.2022
1.	% Collection & Transportation	406ULBs
2.	100% Segregation at source	406ULBs
3.	Waste processing facilities (population >1 lakh)	34/34
4.	Geo-tagged waste processing facilities (population <1 lakh)	343 ULBs
5.	Geo-tagged Composting facilities	343 ULBs (6.6 Lakhs House holds doing home composting)
6.	Material Recovery Facilities	404 ULBs have 275 functional MRF facilities that are operational . However, 339 ULBs (in total) are processing dry waste through functional facilities or linkages with junk dealers.
7.	Legacy Waste – Remediation	50/ 378
8.	Wire Mesh Installation	1310 Storm water drains /1847 wire mesh installed
9.	Home Composting	6,64,124
10.	By Laws framed under Rule - 15 of SWM Rule 2016 Penalty collected in the By Laws framed	—
11.	CCTV Camera Installation at Dumping Sites	Indore, Katni, Jabalpur, Ujjain,Bhopal
12.	Separate storage, collection and transportation of construction and demolition wastes	403 ULBs have dedicated areas to keep C&D waste
13.	Current Status of ISWM Project	05 ISWM projects in various stages of implementation (04 WTC & 01 WTE)
14.	Current Status of Decentralized Solid Waste Facilities	UADD has Decided 2 form new Clusters for remaining 346 ULBs to adopt Decentralized Solid Waste Management Model
15.	Status of SWM in 01 WTE Clusters	WTE Jabalpur project has started and Rewa is under implementation.
16.	GPS Installation in vehicles collecting Municipal Solid Waste in ULBs having population more than 1 Lakh	All 3540 vehicles are fitted with GPS.

Summary Statement on Progress made by Local Bodies in respect of Waste Collection, Segregation, Transportation and Disposal:-

In order to comply with the Solid Waste Management Rules, 2016 following steps have been taken by the state:-

Waste Collection:- 100% door to door collection of the waste has been achieved in 372 ULBs and 06 ULBs are facilitating partial door to door collection of the waste. 4,217 waste pickers for solid waste management system have been engaged and provided source of livelihood through this integration.

Waste Segregation:- 100% Segregation at source of waste has been achieved in 276 ULBs. However, for the remaining 102 ULBs, 100% segregation of waste from each house is yet to be achieved. The ULBs are segregating dry waste into different components such as plastic, wood, paper, glass, cardboards, etc. plastic waste was utilized in road construction. Many ULBs supply Refuse Derived Fuel to cement factories as Alternate Fuel & Raw Material (AFR). Other ULBs are also selling segregated dry waste to junk dealers for recycling.

Waste Transportation:- ULBs transporting the segregated waste in covered vehicles from transfer stations to the processing facilities. As per the mandate, all towns / cities with more than 1 lakh of population are required to have GPS fitted garbage collection and transportation vehicles. In Madhya Pradesh, there are 34 towns with more than 1 lakh population. There are 3,399 vehicles with ICT based monitoring system for collection and transportation of municipal waste. Total 3540 vehicles have been deployed for collection and transportation of municipal waste and are being monitored through various ICT based monitoring mechanisms.

Waste Processing/Treatment/Disposal:- The Cluster based Integrated Solid Waste Management model adopted by the state is working in 05 clusters that are in various stages of implementation. This covers a total of 81 ULBs. Out of 05 clusters, 04 clusters are waste to compost (Sagar, Katni, Jabalpur and Singrauli), 01 Clusters are waste to energy (Rewa) and 02 Clusters Vidisha and Bhopal is proposed and under installation for composting facilities.

Indore Cluster and Bhopal Cluster has been terminated because of delay in signing of the PPA. Indore and Bhopal have been sanctioned as standalone projects and State is planning to implement solid waste management through 'Decentralized Solid Waste Management Model' (Standalone Model) in remaining 8-8 ULBs of Bhopal Cluster and Indore Cluster each.

Urban Administration and Development Department has reviewed and discussed the various feasible options with the sector experts and is rethinking to adopt the mixed approach of cluster based ISWM model with decentralized SWM projects. The mixed approach with help the State to ensure effective implementation of SWM Rules 2016 across all the ULBs.

In Decentralized Solid Waste Management Model each ULB will be made self-reliant in terms of waste processing (incl. dry waste, wet waste and domestic hazardous waste)

- a. Each ULB will set up facilities for end to end management of municipal Solid Waste such as:
 - i. Material Recovery Facilities
 - ii. Plastic to Fuel
 - iii. Bio-methanation
 - iv. Compost Facility
 - v. C&D Waste Management Processing Facility

- vi. Transfer Stations
- vii. Landfill site

- b. Nearby towns to be linked to District Head Quarters.
- c. ULBs to be made responsible for Collection and Transportation (C&T) of Municipal Solid Waste.
- d. Processing & Disposal (P&D) to be done by Private Player
- e. ULBs to recycle/process 75% to their waste.
- f. 334 ULBs are processing dry waste through functional facilities. 355 ULBs are processing wet waste & 334 ULBs process their plastic waste. This is based on the assumption that ULBs are processing plastic waste as well through their MRF facility. 334 ULBs have Material Recovery Facilities (MRF) facilities that are operational.

316 ULBs have started collecting domestic hazardous waste. The processing and disposal of domestic hazardous waste is being done through installation of incinerators by ULBs and /or by having tie ups with agencies that process domestic hazardous waste. 263 ULBs have started processing domestic hazardous waste (Sanitary Napkins, Pads).

Initiatives

4R – Reduce, Refuse, Reuse and Recycle

The State is focusing for are rather inspite of 03, our 4th R is related to fefusel of Plastic, this is based on community involvement to Reduce waste generation. Following actions have all ready been taken in this direction :-

- 332 ULBs have taken different measures to reduce generation of Dry/Wet Waste;
- Over 200 ULBs have claimed that they have reduced their municipal waste by an average of 20% ;
- 277 ULBs have taken a 1,700+ initiatives in total (and around 6 initiatives per ULB as average) to reduce municipal waste;
- Some of the initiatives taken by the ULBs on 4R principles are: ban on single-use plastic, home composting, bartan banks, cloth banks, extensive IEC activities (such as rallies, meetings, workshops, campaigns) and involvement of SHGs and RWAs, converting leaves into disposables, distribution of cloth-bags, “neki ki diwar” etc.

Home Composting

The State has been actively promoting home composting in order to move towards Waste reduction at source. The number of households practicing home composing have increased from 2,14,518 households to 2,60,252 (increase by 20%).

Model Tender:- The State has taken an initiative to frame “**Model Tender**” to ensure quality at ULB level in procurement of plants and equipment for Solid Waste Management or Sewage Treatment. Model documents and model estimates have been prepared at State level to provide handholding support to ULBs. The documents have also been prepared for procuring machinery and setting up infrastructure like MRF Facilities, Bio- methanation plants.

Legacy Waste:- The legacy waste remediation work has been undergoing in the various ULBs of the State. 50 ULBs have remediated 100% of their legacy waste and the land has also been reclaimed. As per the directions of the Hon’ble Tribunal, other ULBs of the State are also in the process of remediating their dump sites and in all probabilities State has been initiated the work of legacy waste dumpsite remediation as per the directions of the Hon’ble Tribunal.

Policy & Bye-Laws :- The Urban Development & Housing Department of the State Government has notified “Solid Waste Management Policy-2018” on 05.09.2018 under Rule 11 (1)(a) of SWM Rules 2016. 310 ULBs have framed bye-laws under Rule 15 of Solid Waste Management Rules, 2016.

Public Awareness :- The State has adopted an inclusive strategic model for IEC-BCC initiatives to bring the desired changes in the community behavior and ensuring ownership among citizens and communities towards cleanliness. UADD have initiatives target broader spectrum of cleanliness factors covering DTDC, source segregation, open defecation, prevention of manual scavenging, hygiene practices, etc., and creating awareness on health and environmental benefits among masses.

This year UADD have organized **“Ban Singal Use Plastic” Campaign** to attract citizen focus on urban sanitation issued. Through this invited UADD have focused the reduction of the plastic waste in urban community. Through this massive campaign UADD have targeted reduction in waste generation, increase in waste collection and proper management, promotion of home composting, use of cloth bags etc. Through public participation. This campaign got huge participation from ULBs, Citizens and community groups.

The ULBs have also developed **“Kabad se Jugad”** places at prominent locations in the cities, to aware citizens to reuse the generated waste. During this campaign cities have converted over 1500 Garbage vulnerable Points (GVPs) into beautiful spots by using waste material like old tires, paint buckets automobile waste etc.

The ULBS have also focused to strengthen the material recovery facilities (MRFs), by focusing standard management and monitoring, this will impact on processing of plastic and other dry waste in the ULBs. Campaigns have targeted all the key stakeholders including Resident welfare Association (RWA), Educational Institution, Businesses, Community Leaders, Sanitation staff, Bulk waste Generation etc.

Achievements :- The Ministry of Housing and Urban Affairs, Government of India conducts nation-wide Swachh Survekshan survey under Swachh Bharat Mission. The efforts being taken by the State for effective disposal of waste and cleanliness, have been reflected in the rankings of Swachh Survekshan. Where in Madhya Pradesh has been declared the Best Solid Waste Management State of India.

- Madhya Pradesh was ranked 3rd best performing state in > 100 ULBs category in Swachh Survekshan 2021.
- Indore has been declared as the No.1 best cleanest city of the country for the last five years and retained 5 star Garbage free city rating.
- Bhopal declared the title of “Self-Sustainable Capital/UT” this year as well and is ranked 7th among the urban local bodie^s with >10 lakhs population. Bhopal also secured third place in the country in Safaimitra Suraksha Challenge.

Madhya Pradesh is declared as 100% Open Defecation Free (ODF) in urban areas with third party inspection by Quality Council of India. 234 cities of the State have been declared as ODF+ and 108 cities are declared as ODF++ by Government of India.

**Annexure – III List of 388 ULBs with wet waste processing facility
(As per SBM MIS Portal)**

A. Summary	32
B. Status of SWM Projects:	33
3. Monitoring Structure:	33
3.1 At State Level: -	33
3.2 At Cluster Level:	33
C&D Strategy & Action Plan	34

1. Background

MSW Rules 2000 and later SWM Rules 2016 mandates every ULB to carry out collection, transportation, processing and scientific disposal of Municipal Solid Waste. 12th Schedule of the Constitution entrusts the responsibility of Municipal Solid Waste (MSW) with Urban Local Bodies (ULBs). Madhya Pradesh Government Vision 2018 also emphasizes on Solid Waste Management (SWM) implementation in all ULBs of the State.

Mukhyamatri Shahari Swachhata Mission (MSSM) was approved by Cabinet in its meeting held on 28-Aug-2012. Under this scheme, projects of Rs. 459 Crore were proposed and provision for Rs. 22.20 Crore was made for solid waste management.

On 2nd October 2014, centrally sponsored scheme of Swachh Bharat Mission (SBM) was launched. Under this scheme, an amount of Rs. 920.03 Crore was allotted for the period from 2014-15 to 2019-20.

Under this scheme, provision of Rs. 434.01 crore was made by Govt. of India for solid waste management. By contributing matching State share of Rs. 288.93 crore, scheme was prepared for Rs. 722.94 crore. For implementing the Swachh Bharat Mission, MSSM was merged with SBM (U). The approval of the same was sought in Cabinet Meeting dated 6-July-2015. In clause No. 4 of the Cabinet Precis, proposal for solid waste management was approved. State Government also decided to implement Integrated Solid Waste Management (ISWM) by forming clusters of ULBs on a Regional Landfill Site Concept.

2. Strategy adopted by the State:

A. Summary

Summary			
S. No.	Description of Projects	Details	No. of ULB's Covered
1	Awarded Cluster (5)	Sagar, Katni, Rewa, Singrauli, Jabalpur (C&T)	60
2	Terminated	Gwalior	16
3	Awarded Standalone	Bhopal, Ujjain, Indore and Jabalpur (WTE)	4
4	New Standalone SWM Projects at ULB level	Under tendering process to select DPR consultants	326
	Total		406

B. Status of SWM Projects:

1. The cluster-based Integrated Solid Waste Management model is working currently in 5 clusters – that are in various stages of implementation. This covers a total of 60 ULBs. Out of 05 clusters, 04 clusters are waste to compost (Rewa, Sagar, Katni, and Singrauli) and 01 Cluster is waste to energy (Rewa) and 01 cluster is Jabalpur-C&T (collection & transportation).
2. Indore, Bhopal, Jabalpur & Ujjain have been sanctioned as standalone Solid Waste Management Projects.
3. New Standalone SWM Projects in remaining ULB level (Decentralized SWM Projects) are under tendering process to select DPR consultants.

3. Monitoring Structure:

A monitoring committee will be formed for all ISWM cluster at State level and at Cluster level.

3.1 At State Level: -

Commissioner UADD will be the head of ISWM monitoring committee. Engineer in-chief will be responsible for the technical part of ISWM projects and district collector of lead ULB will report to commissioner, UADD.

3.2 At Cluster Level:

A monitoring committee can be set up under the chairmanship of Commissioner of the Lead ULB of the Cluster with CMO/Municipal Commissioner of the participating ULBs ensuring smooth execution and operation of the ISWM project. They will also be a part of the arbitration committee.

All commissioner / chief municipal officer of the cluster ULBs will give a fortnightly report to the Committee.
